PROFESSIONAL SUMMARY

UI/UX Designer and Frontend Developer with 8+ years designing and building production web applications for B2B and B2C travel platforms serving 1,000+ daily users. Designs end-to-end in Figma — design systems, auto layout, component variants, variables and tokens, and developer handoff — and ships the frontend in HTML5, CSS3, JavaScript (ES6+), and Bootstrap 5. Delivered a CRM dashboard redesign that increased user engagement by 25%, and reduced booking friction by 35% through UX and frontend performance improvements. Also experienced in graphic design (Illustrator, Photoshop, CorelDRAW) for brand and marketing collateral.

TECHNICAL SKILLS

Design: Figma (Design Systems, Auto Layout, Component Variants, Variables & Tokens, Prototyping, Dev Mode Handoff), Wireframing, User Flows, Information Architecture, Responsive Design, WCAG Basics

Frontend: HTML5, CSS3, SCSS, JavaScript (ES6+), Bootstrap 4/5, jQuery, GSAP, Responsive & Cross-Browser Development

Modern Stack: React, Next.js, TypeScript, Tailwind CSS (self-built projects, in progress)

Integration: REST API Integration, Dynamic Data Rendering, Google Analytics, SEO Implementation

Performance: Lazy Loading, Code Splitting, Image Optimization, Page Speed Optimization

Graphic Design: Adobe Illustrator, Adobe Photoshop, CorelDRAW — Brand Identity, Marketing Collateral, Print & Social Media Creatives

Tools: Git, GitHub, VS Code, Gulp, Yeoman, Vercel, AI Coding Assistants (Claude, ChatGPT)

WORK EXPERIENCE

Freelance UI/UX Designer & Frontend Developer

Aug 2026 – Present

Self-Employed | Belagavi, Karnataka (Remote)

- Design and deliver frontend for travel-tech and small-business clients, owning the full cycle from requirements and Figma design through build and deployment.
- Travogo CRM (Vietnam-based DMC): built the quotation and itinerary generation frontend — quote preview, invoice, hotel voucher, and dashboard modules — in Bootstrap 5 and JavaScript (ES6+), integrated with a Laravel backend.
- Infogeni (self-initiated product): designing and building a web platform for local businesses in Next.js and TypeScript, deployed on Vercel.

Frontend Developer & UI/UX Designer

Mar 2020 – Jul 2026

Pace Travels Pvt. Ltd. | Belagavi, Karnataka

- Led frontend development for a B2B and B2C travel booking platform serving 1,000+ daily users across flights, hotels, buses, and cabs.
- Reduced booking friction by 35% through checkout UX redesign and frontend performance work (lazy loading, image optimization, code splitting).
- Redesigned the Quote Desks CRM dashboard from a static reporting page into a live, actionable interface with global search, activity feed, and quick-filter tables — increasing user engagement by 25%.
- Designed the complete Pace Travels v3 interface in Figma — design system, component library, and developer handoff via Dev Mode — implemented by the in-house Angular team.
- Built the Dubai in-house CRM frontend for quotations, itineraries, and automated follow-ups, including a modular Trip Builder Hub and a client-side margin calculator for instant pricing updates.
- Built and maintained reusable component libraries in production HTML, CSS, and JavaScript with full interaction and accessibility states.
- Integrated REST APIs across booking, itinerary, and enquiry flows; implemented SEO best practices and Google Analytics tracking.
- Supported brand and campaign work as an additional responsibility — marketing collateral and social media creatives in Illustrator, Photoshop, and CorelDRAW.

Web Developer

Aug 2019 – Feb 2020

Accord Global Technology Solutions | Bangalore, Karnataka

- Built responsive UI components in HTML, CSS, and JavaScript across multiple client projects.
- Automated build workflows using Gulp and Yeoman; improved SEO and analytics tracking.

UI Developer

Oct 2017 – May 2019

Pace Travels Pvt. Ltd. | Belagavi, Karnataka

- Developed responsive frontend interfaces and reusable components using HTML, CSS, JavaScript, and jQuery.
- Converted design mockups into pixel-accurate, cross-browser compatible production pages.

SELECTED PROJECTS

Quote Desks CRM — SaaS Dashboard Redesign | Figma, JavaScript (ES6+), SCSS, Bootstrap 5, GSAP

- End-to-end redesign and frontend rebuild of a travel CRM dashboard; design system built with Figma variables and tokens, implemented as reusable vanilla JS components. Engagement increased 25%.

Pace Travels — B2B + B2C Booking Platform | *Figma, JavaScript (ES6+), Bootstrap, jQuery, REST APIs*

- Multi-service booking engine (flights, hotels, buses, cabs) for 1,000+ daily users; component-driven design system and sticky fare summary reduced checkout drop-off. Booking friction reduced 35%.
- Infogeni — Web Platform for Local Businesses** | *Next.js, TypeScript, Figma, Vercel*
- Self-initiated product: brand identity, UI design, and frontend build of a landing site and business profile pages, deployed to production on Vercel.

EDUCATION

Bachelor of Computer Applications (BCA)

BIMS Shaikh Group of Institutes | 2017

ACHIEVEMENTS

- Best Achiever Award (2024) — Pace Travels Pvt. Ltd., for frontend development, UI/UX improvements, and platform modernization.
- Best Designer — Evogen-17, National Level IT Fest, for excellence in UI/UX and visual design.
- Best Programmer — Synergy-16, for problem-solving and programming.
